Here it is revised--please ask Chuck to review it again. I added underlining in some places.

Tomorrow, when it is ready to go out via profs, you need to send it via profs to ~~Shelia~~ Sheila Brisbane (Rye x9198) to all Profs users in USA International and Corporate. In addition, Luisa Williams (x2694--Richmond) can send it to all pc mail and mac mail suers and Jessie Toms (Richmond x5057) can do it to all DISOS customers. We apparently need to cover all three.

Tell Chuck he needs to be sure that Andy Reiman and Ken Schoenholtz know this is coming (they both want to see the language) and Roger should get a heads up.
thanks--I need to rescue my babysitter!
